

NEW SuperFast Thermopen[®] 4

Product Features

CASE/HOUSING

Improved ergonomic design fits your hand better.

Biomaster anti-bacterial additive in casing inhibits bacterial growth.

Available in 10 vibrant colours

INTELLIGENT BACKLIGHT

Automatically activates in low light conditions.

Now 30% brighter.

Turn on by touching the sensor window

NEW BATTERY COMPARTMENT

Buttons change °C or °F, 1° or 0.1°, display rotation & sleep settings.

Standard AAA battery.

Battery life extended up to 3,000 hours.

Improved water resistance (now waterproof to IP66/67).

Battery cover now includes a screw fitting, even more secure.

Indentation makes it easier to grab the probe.

IMPROVED DISPLAY

Motion sensor saves battery life when put down, wakes up when picked up.

Turns on when you open the probe. Still no buttons.

Patented, automatic 360° rotating display can be used in any position, in either hand.

Temperature readings in just 3 seconds!

Accurate to ± 0.4 °C

range	-49.9 to 299.9 °C
resolution	0.1 °C or 1 °C - user selectable
accuracy	± 0.4 °C (-49.9 to 199.9 °C) otherwise ± 1 °C
units	°C/°F switchable - user selectable
response time	3 seconds (reads to within 1 °C of final temperature of an ice bath in 3 seconds)
battery & life	1 x 1.5 volt AAA - 3000 hours (normal use, without backlight)
sleep mode	10 to 180 seconds - user selectable
sensor type	K thermocouple
water resistance	IP66/67
display size	39 x 25 mm (character size 15 mm horizontal, 11 mm vertical)
dimensions	19 x 50 x 157 mm
probe	$\varnothing 3.3$ x 110 mm fast response with reduced tip
weight	120 grams

includes FREE traceable certificate of calibration
